CHECK-IN & LUGGAGE

- We highly recommend that guests stay overnight in Mahé the evening before their departure to any of our destinations. This helps to prevent missed charter flights caused by delays in international arrivals. Please note that there is a minimum layover of 90 minutes between the landing of international flights and the departure of our charter flights.
- Check-in 1 hour prior to flight departure.
- Check-in luggage on IDC charter flights is strictly limited to 15kg/33lb per person, and 5kg/11lb carry-on luggage.
- Lightweight, soft-shell bags are recommended.
- On request, the Blue Safari Team in Mahé will assist with the storage of excess luggage while you are on location.
- Please check with the reservations team whether it would be possible for extra baggage allowance as this may be possible on a case-by-case basis.
- All flights depart and return to the Mahé domestic terminal.
